- Our Facility is Registered as a Plastics recycler and Hazardous waste decontamination and disposal in Multiple States.
- We authorized in Gujarat Pollution Control Board and Pollution Control Board & Union Territory pollution control(Silvassa).
- Registered in EPFO & ESI for Employee's better future and physical security.

Our Products

Plastic granules

We specialize in producing high-grade recycled plastic granules and composite boards. Our product range includes:

- HDPE (High-Density Polyethylene)
- LDPE (Low-Density Polyethylene)
- PP (Polypropylene)
- PE (Polyethylene)
- IODOETHENE
- ABS (Acrylonitrile Butadiene Styrene)
- PET (Polyethylene Terephthalate)
- POLYSTYRENE

Our granules are near to virgin quality, ensuring high performance and durability for various applications.

ECOLINK PLASTIC COMPOSITE BOARDS

Made from aseptic packaging material, MLP

- Water Resistant: Our boards resist water absorption, making them ideal for use in moist environments.
- Resilient to Nature's Wear and Tear: Built to withstand harsh weather conditions, ensuring long-lasting performance.
- High Heat Stability: Our composite boards maintain their integrity and performance even under high temperatures.
- Termite Proof: Designed to be impervious to termite damage, providing a robust and durable solution.
- Great for industrial goods packaging material.
